

St. Augustine's Catholic Primary School: Progression in Learning Framework – Personal, Social & Emotional Development

EYFS Statutory Educational Programme. The curriculum needs to include:

Children's personal, social and emotional development (PSED) is crucial for children to lead **healthy and happy lives** and is fundamental to their **cognitive development**. Underpinning their personal development are the **important attachments** that shape their social world. **Strong, warm and supportive relationships** with adults enable children to learn how to **understand their own feelings and those of others**. Children should be supported to **manage emotions**, develop a **positive sense of self**, set themselves **simple goals**, have **confidence in their own abilities**, to **persist and wait for what they want** and **direct attention** as necessary. Through adult modelling and guidance, they will learn how to **look after their bodies**, including **healthy eating**, and **manage personal needs independently**. Through **supported interaction** with other children they learn how to **make good friendships**, **co-operate** and **resolve conflicts** peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life.
